

FIG. 1

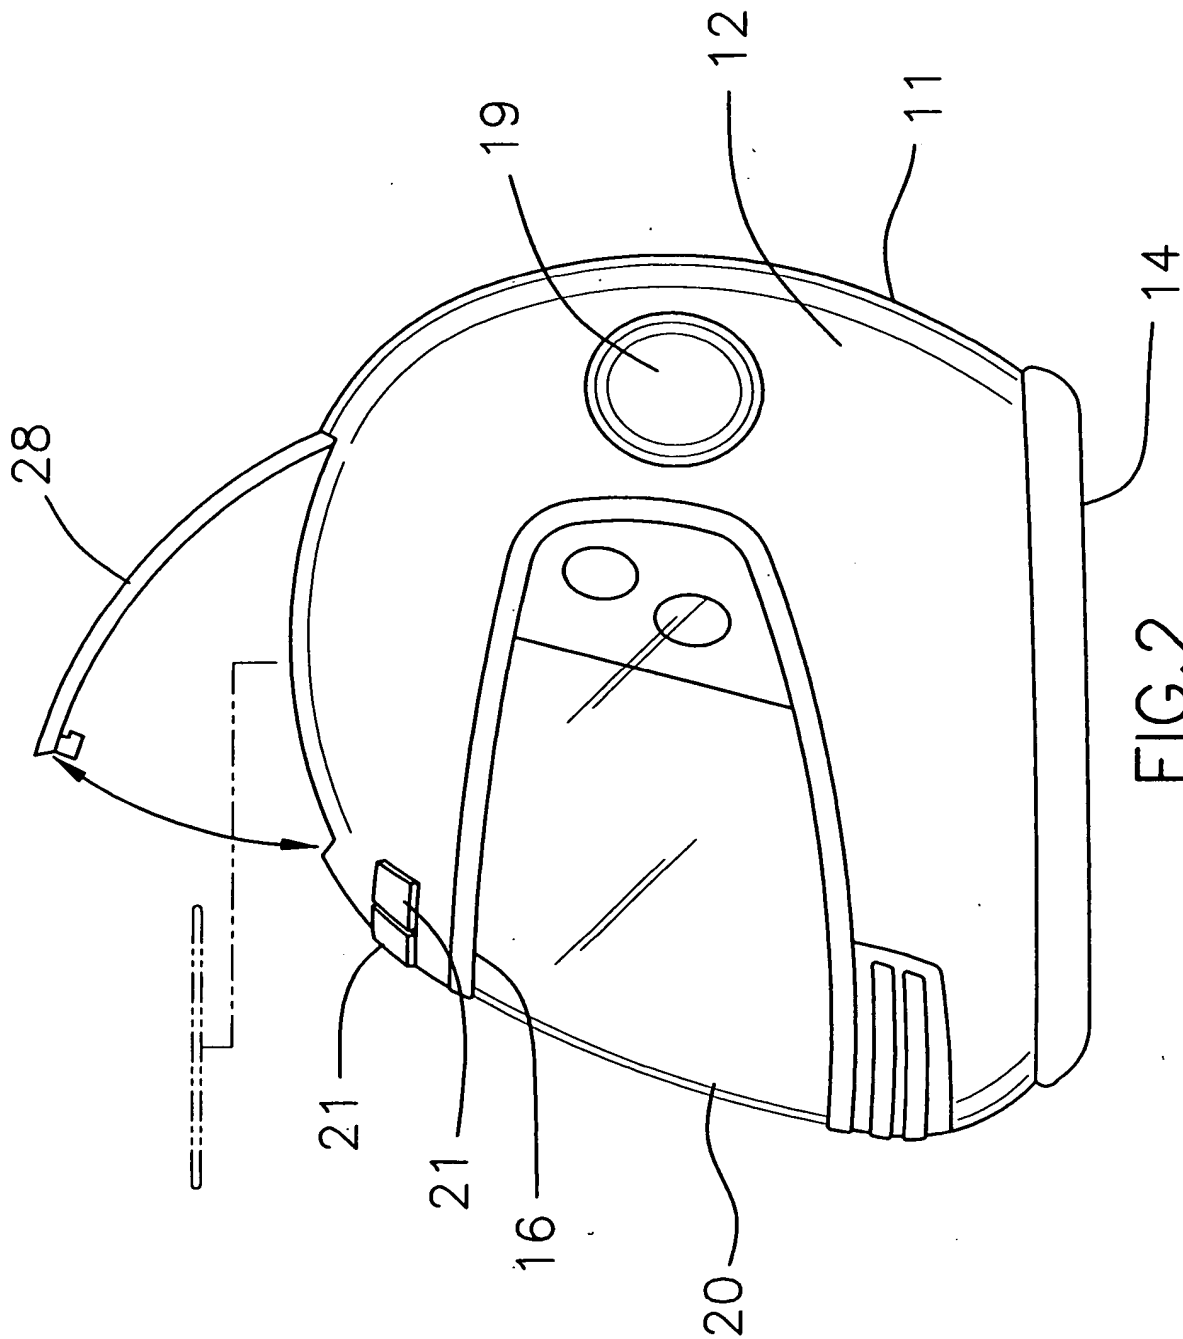

FIG. 2

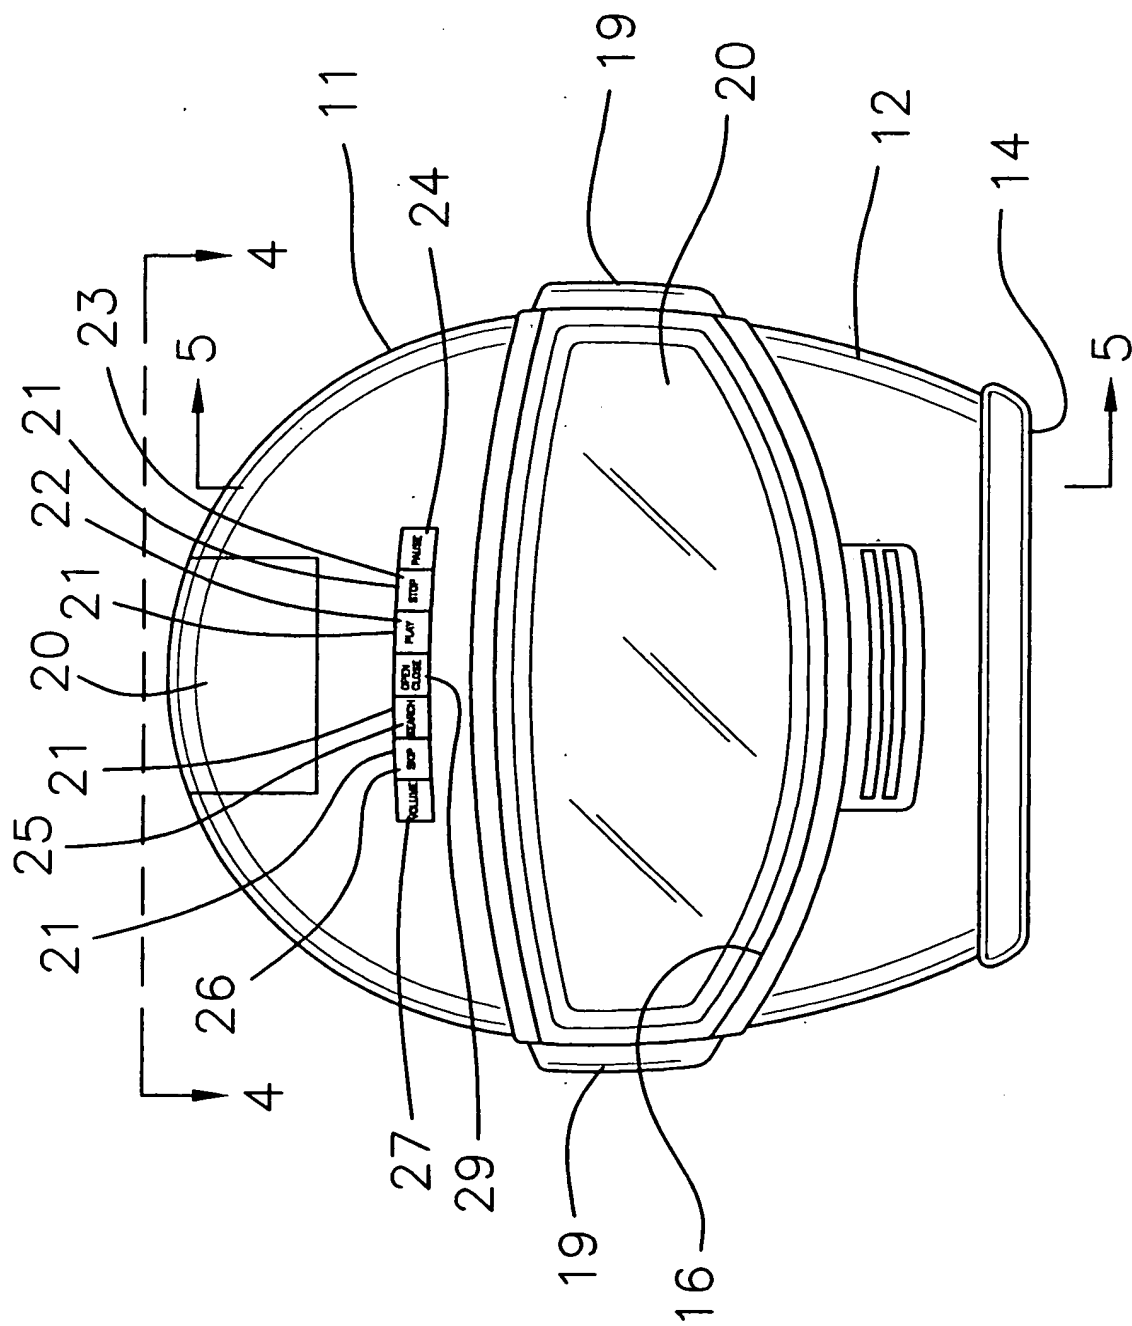

FIG. 3

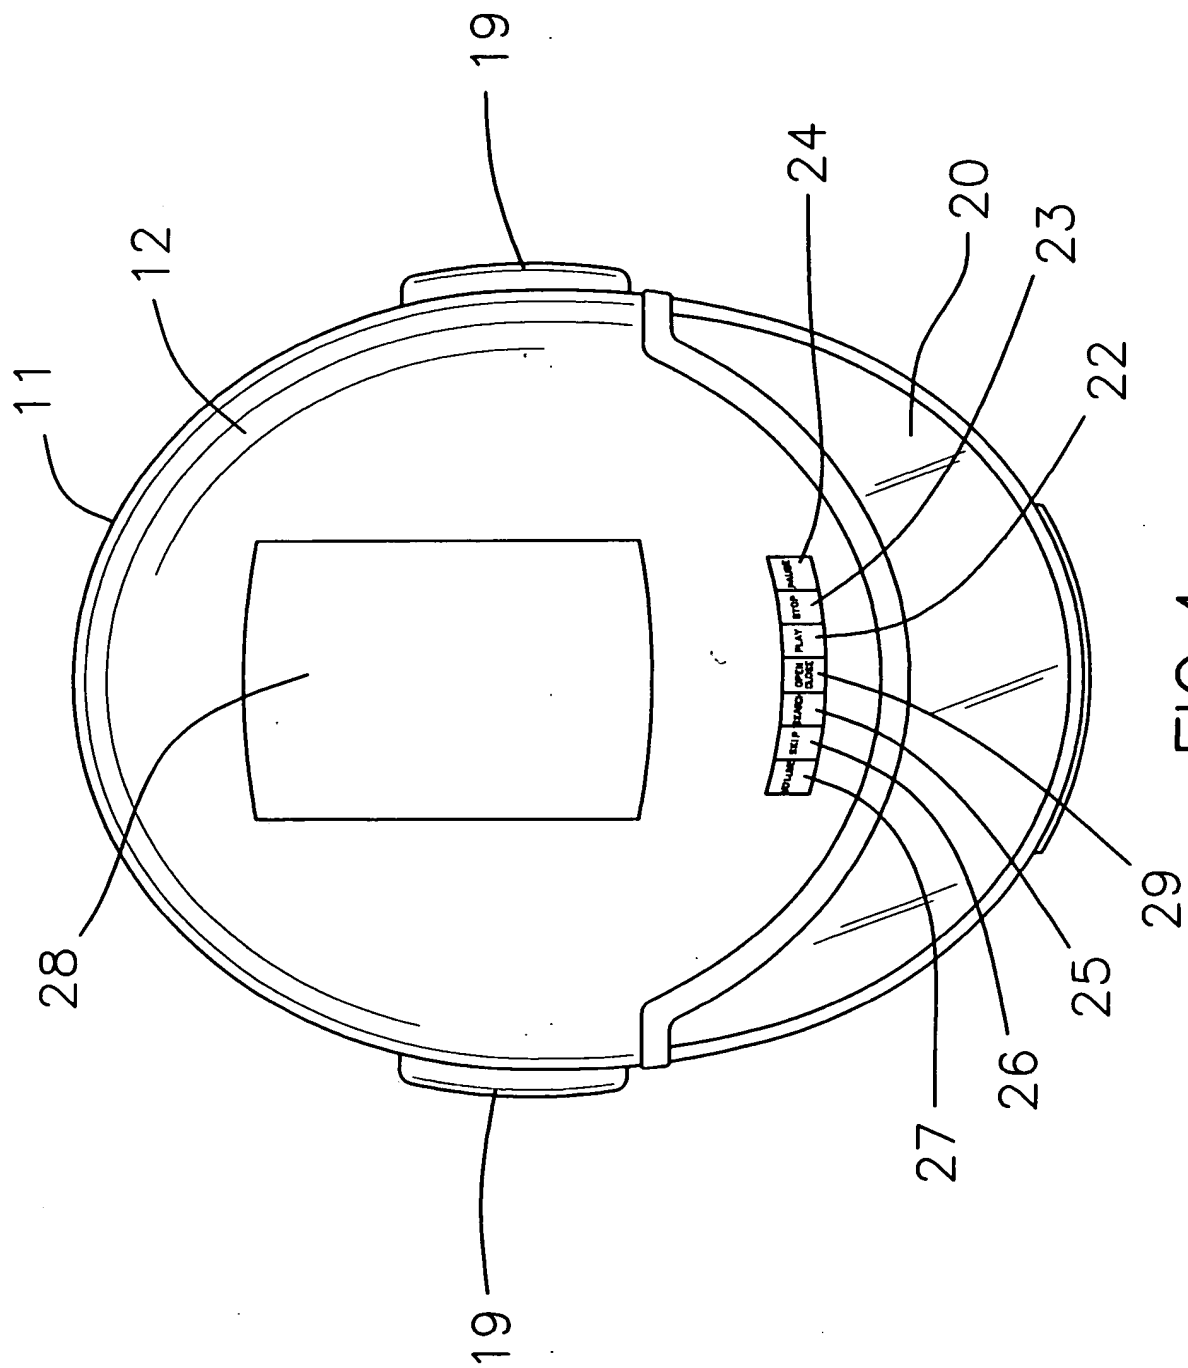

FIG. 4

FIG. 5 is a cross-sectional view of the device 100, showing the internal components and the outer shell 11. The device 100 includes a housing 12, a display 13, a camera 14, and a microphone 15. The housing 12 is shown in cross-section, revealing the internal components. The display 13 is located on the front face of the device 100. The camera 14 is located on the front face of the device 100, below the display 13. The microphone 15 is located on the front face of the device 100, below the camera 14. The device 100 also includes a battery 16, a processor 17, and a memory 18. The battery 16 is located within the housing 12. The processor 17 is located within the housing 12. The memory 18 is located within the housing 12. The device 100 is shown in a perspective view, with the housing 12 and the internal components visible.
